

APOLLO MOON LANDING 50TH ANNIVERSARY FLYING CAPSULE

Instructions

- Cut out the cone and 3 streamers below
- Tape the two sides of the cone together
- Tape the streamers to the specified areas on the cone
- Measure and cut 3 pieces of 24 inch thread
- Tape thread on the inside of the cone opposite the streamers
- Tie a knot connecting the 3 thread so that the drogue hangs evenly
- Grasp the knot and fly the Apollo capsule through the air (or use as a kite tail)!
